## Our History :

“A Journey of a Thousand Miles Begins with a Single Step”

Our first step began since the establishment of the Alansari Holding Group in the United Arab Emirates in 1978

In 2014, we took our second steps out of the Kingdom of Saudi Arabia.

Ali Mohammed Alansari Financial Consulting Group seeks to become global, as we have extensive experience in financial advisory and financing spanning more than 42 years.

## Message from the CEO :

We strongly believe that success depends on performance, sincerity and persistence to satisfy our customers with complete satisfaction, hence our goal to meet their needs by providing financial and financing advice services that keep pace with the lifestyle with daily aspirations and future needs.

Today, with the help of a distinguished team, we have managed to soar high in the challenging twenty-first century, adhering to our distinguished vision.

## Get to Know Us :

We, Ali Mohammed Alansari Holding Group, have the largest and strongest customer base in the Kingdom, and this is what makes us specialize in providing a variety of innovative advisory and financing solutions appropriate with the provisions of Islamic Sharia law to fulfil the needs of establishments and individuals and contribute to the achievement of their projects and common goals.

Whereas, Ali Alansari Holding Group owns a group of consultants with global, scientific and practical experiences.

It also has flexibility and broad aspirations to keep pace with local and international changes in doing business and communicating with clients.

## Vision :

Within the framework of the accelerating pace of the Saudi market and in fulfilment of our government's rational vision for the year 2030, our vision is to ensure continuous growth in the field of financial advisory and legitimate financing in the interest of the Kingdom's vision and the interest of individuals and society. And we aspire to become our group a leader in providing solutions in the Kingdom of Saudi Arabia.

## About financial consulting:

Financial consulting occupies great importance compared to the rest of the consultations, as it is the basis on which the establishments are based, and also helps them overcome the financial problems that may face them by providing solutions to various problems and conducting specialized studies in this field, including:

1. Determine the financial position of the facility.
2. Determine the facility's ability to develop projects and build new projects.
3. Establishing a stable financial system for the facility and its employees.
4. Achieving the highest benefit from customers and consumers.
5. Achieving the highest financial profit return for the facility.
6. Knowing the financial requirements of the project, the capital, and the return from the project.

## Financial advisory services:

1. Public Offering on the Parallel Market (Growth)
2. Arranging mergers and acquisitions
3. Private placement to promote projects
4. financial restructuring and financing
5. Provision of financing for projects
6. Feasibility studies (for new projects and expansions)
7. evaluation of companies

## Strategy

**Our strategy is based on:**

1. Provide services that exceed customer expectations
2. Providing specialized advisory and financial services in the Saudi market
3. Working with a technical team with qualifications and practical and scientific experiences at the highest level
4. Innovation in providing new services and outputs to our clients and studying new opportunities and projects that bring them more successes
